Important information regarding communication with Motorpoint shareholders

In accordance with its articles of association and unless a shareholder requests otherwise, Motorpoint communicates with its Shareholders by publishing information (including statutory documents, such as the Annual Reports and Accounts) on its website as noted overleaf.

Please tell us whether you would prefer to receive the Annual Report and other communications from Motorpoint in electronic or paper format. To go entirely paperless and receive an email notifying you that the relevant communications are on our website, you will need to respond to this letter and provide us with your email address.

If you do not respond within 28 days of the date of this letter you will be deemed to have accepted to receive communications in electronic form and via a website and in future we will simply send you a letter asking you to visit our website at the appropriate time to view the relevant communication. We will not send you, for example, a printed annual report as a matter of course.

You may wish to register your communication preference online at www.signalshares.com.

Why are we doing this?

- Electronic communications (Ecomms) are faster and more reliable than the post.
- The more people who receive Ecomms the better it is for the environment in reducing printing and waste.
- By telling us what you want, we can make sure you get the ideal type of communication for you.
- We believe that this is the right thing to do and it saves costs.

You can make your choice now and change your mind later

Even if you elect or are deemed to have elected to receive Ecomms, you can request a printed copy of any shareholder document from us at any time. We will send this free of charge within 21 days of your request. You can also change your instructions at any time by writing to our registrar, Link Asset Services. Yours faithfully
